

Kei-Sho Chronicle—October 2021

G'day everyone, Llew here. We've reached the end of October, a month where we have started holding more events. This month we held our sport's day and our annual Keika festival.

This Issue:
Sports Day
Keika Festival

Sports Day:

On Saturday, October 2nd, Kei-Sho held our yearly sports day. Last year we were not able to hold it because of the coronavirus, and this year it was almost cancelled again.

Because of the strong support of the students and the sports department, this year's sports day was held at school with a time difference, with the first year's playing first and the 3rd year's last.

This year's sport's day was held with three activities: 4-way tug of war, king dodgeball, and a whole-class relay.

In 4-way tug of war a group of students from each class compete in a tug of war game, this was completed a few times with the winning team earning some points for their class.

In king dodgeball everyone in the class competes in a game of dodgeball, with 2 students playing as 'kings' as well as the class's homeroom teacher in cosplay.

Taking out the other class's kings or having the most kings left at the end of the round means victory, and more points for the winning class.

The final activity was an all-class relay, with every student taking part, and some students running twice.

The day ended with 3A winning among the 3rd years, 2C winning the 2nd years, and 1A winning in the 1st year group.

Keika Festival:

While Covid-19 is not as serious as it was last year, with the idea of ‘safety first’, Keika held our annual Keika Festival online. Many students from various clubs created videos to showcase what they have done this year, and these videos were made available online over the weekend that the Keika Festival is normally held. From the Guitar club to the Track and Field club, from the Calculator club to the Student Council, there was a wide range of videos that the students at Kei-sho had made.

In addition to Kei-sho, some videos were made available to everyone at Keika. The ensemble band, marching band, Kei-sho's Dance Club, and the traditional Biblio-Battle were made available on a special, limited-time stage, where everyone at Keika could watch them.

While it is unfortunate that the Keika Festival could not be held in person, the students did a great job in making their videos and maintaining the spirit of Keika.

In October, we have had 2 of our big events for the year, and the students, as well as the teachers, have enjoyed the change of pace.
