

Kei-Sho Chronicle – July 2026

End of Term 1

**This Issue:
- End of Term 1**

The weather has gotten warmer and we are now well into summer. Term 1 has come to an end, and the summer vacation has begun at Kei-Sho. How did you do in term 1? Did you get good grades? How many times were you absent? Let's enjoy the break and prepare for term 2! There are also 2 Open Campuses at Kei-Sho this summer vacation. If you are a student interested in Kei-Sho, please come and visit!

End of Term 1:

Classes ended on July 3rd, and end term tests ended on July 9th. After this, there were only a few days that students came to school; to clean the classrooms, to collect homework and to do club activities.

On July 17, Kei-Sho also held a Parents Meeting (保護者会). The parents of Kei-Sho came to school to hear how their children and their classes did during term 1. The parents of the first year children also listened to an explanation about the course system at Kei-Sho.

While the meetings are not the most exciting event, they are important to make sure that parents, teachers and students are all working together to do their best.

The following day, the Closing Ceremony itself was held. Like usual, the ceremony started with a speech from the principal. Next, a school supporter from the police came to talk to the students about being careful during the summer break. The ceremony ended with giving awards to various students who achieved impressive results in tests and competitions.

With the Closing Ceremony over, students returned to their classrooms, to clean their desks and hold one last homeroom. They were told to be careful, have fun, and come back to school in term 2 ready to learn.

Now that the Closing Ceremony has ended, Kei-Sho is now in our summer vacation. Although with summer classes and club activities, some students may not have much of a vacation. Some students will also be in Australia for a few days on the school's Australia Study Tour. Have fun!

Do you have any plans for the summer vacation? I am going back to Australia to relax with my family. Whatever you do, I hope you enjoy the break and come back in Term 2 refreshed!
