

Kei-Sho Chronicle - December 2023 Winter Holidays

This Issue:
- End of Term 2
- Winter Holidays

With December comes the end of Term 2 at Kei-Sho. This term we have had 3 large events and I am sure students and teachers alike are looking forward to the Winter Holidays.

End of Term 2:

December is the last month of the calendar year, and the end of Term 2 at Kei-Sho. The last day of classes for the year was on December 5. Following this, we had the End of Term exams from December 6 to 11. Then there were the housekeeping days, with test returns and cleaning, concluding with the closing ceremony on December 20. This time, the ceremony was held through the PA, with students in their classes, due to concerns of the flu.

Start of the Winter Holidays:

With school over for the year, the Winter Holidays have begun. With Christmas and New Years' just ahead, no doubt many students and teachers have made plans with friends and family. Although the weather is cold, so I hope that everyone takes care not to get sick over the holidays.

As for myself, I am planning on returning to Australia to spend Christmas with my family. What are your plans?
